

**DRAFT EDUCATIONAL KIOSK RESOLUTION FOR DISCUSSION  
AT JANUARY 23, 2015 ADVISORY COUNCIL MEETING**

At the January 23, 2015 Advisory Council meeting, the Kiosk Subcommittee presented a report containing recommendations on the location for an educational kiosk. The subcommittee members identified Kalaloch Lodge as the most appropriate site to install the educational kiosk based on significant and year round visitation rates and prime location within Olympic National Park and adjacency to Olympic Coast National Marine Sanctuary. The subcommittee identified the Forks Visitor Center as a second priority location.

The Advisory Council concurs with the recommendations of the Kiosk Subcommittee and is forwarding their report to the Sanctuary Superintendent for consideration.
