<http://www.coasst.org>

Volunteer with the Coastal Observation and Seabird Survey Team (COASST) and help make a difference for the environment!

COASST volunteers collect data on beach-cast carcasses of marine birds on a monthly basis to establish the baseline pattern of bird mortality on North Pacific beaches. Data collected helps address important marine conservation issues and protect marine resources.

Reserve your training spot by emailing [coasst@uw.edu](mailto:coasst@uw.edu) or by calling 206-221-6893.
