Dear Plan Review Team,

I attended the Westport meeting for your review. My name is Larry Giese, I am on the board of the Westport Charterboat Assn. and also own a Sportfishing Charter Service in Westport. I have a couple comments

that I also made at the meeting.

1. I would like to see OCNMS work with government entities in doing stock assessments of fish.
2. I think it is important to prohibit new industries from endangering the environment I.E. wind and wave energy devises and oil drilling.
3. I think it is important that the PFMC along with WDFW be the governing bodies in all fishing related decisions.

Thank you for your time, I hope you have continued success in managing our national marine sanctuary.

Sincerely,

Larry Giese
